Lane Closures on Illinois 72 over Tyler Creek

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Illinois 72 over Tyler Creek, in unincorporated Kane County, beginning, this week, weather permitting. The closures are necessary to replace an existing box culvert at the bridge.

In order to complete the work, lane closures will take place on the structure that carries Illinois 72 over Tyler Creek. Illinois 72 will be reduced to one lane between Reinking Road and Big Timber Road with temporary traffic signals and lighting. Traffic will shift to the south side of Illinois 72 to allow for construction on the north side. Motorists will be required to stop for a period of time to allow for traffic in the opposite direction to pass.

The project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
